MAHNOOR IMTIAZ

FULL-STACK DEVELOPER & DATA ANALYST

📱 +92 304 4780582 ✉️ mahnoorimtiaz582@gmail.com 📍 Pakistan

PROFESSIONAL PROFILE

Versatile Full-Stack Developer and Data Analyst pursuing ADP in Artificial Intelligence. Expert in building responsive React/Next.js web platforms with REST API integration and developing interactive Power BI sales dashboards powered by DAX and data modeling.

FEATURED PORTFOLIO PROJECTS

Hotel Del Luna – Reservation App

Next.js | REST API

- Engineered a hotel booking web app featuring dynamic room filtering and sleek glassmorphism UI.
- Built backend API endpoints (`/rooms/available`) handling dynamic JSON payloads.

Executive Sales Analytics Dashboard

Power BI | DAX

- Designed executive BI dashboard tracking Total Sales, Profit, and Order KPIs across regions.
- Implemented custom DAX measures, trend charts, and geographic visual mapping.

COVID-19 Real-Time Tracker

Python | REST API

- Developed a live data tracking platform pulling stats via public APIs for regional outbreak analysis.

Interactive Music Streaming Web App

Full-Stack JS

- Created a web audio app featuring custom player controls, dynamic playlist management, and responsive UI.

Social Media Web Application

Web App | API

- Built responsive social networking platform supporting user interactions, feed updates, and async API calls.

TECHNICAL STACK

FULL-STACK WEB DEV

Next.js | React | REST APIs | JSON | HTML5/CSS3 | UI/UX

DATA ANALYTICS & BI

Power BI | DAX Formulas | Data Modeling | Visualizations | Python

DEVELOPER TOOLS

Git & GitHub | Vercel Deployment | VS Code | Power BI Desktop

EDUCATION

ADP in Artificial Intelligence

Associate Degree Program • In Progress

CORE COMPETENCIES

- End-to-End Application Design
- Interactive Dashboard Creation
- RESTful API Architecture
- Data Transformation & DAX
